Title index to Volume 5

Advances in contraception 193
Antisperm antibodies in young oral contraceptive users 41
Barrier contraception 197
Bladder perforation: uncommon complication with a misplaced IUD 47
Carbohydrate studies in women using a norethindrone triphasic oral contraceptive for eighteen months 85
Clinical evaluation of a new combined oral contraceptive desogestrel–ethinylestradiol 57
Functional status of pituitary–adrenal axis during treatment of RU486 for termination of early pregnancy in combination with PGs in Chinese women 31
Guest Editorial 189
Insertional pain and other IUD-related rare events for breastfeeding and non-breastfeeding women – a decade's experience in developing countries 101
Intranasal LHRH agonist combined periodically with a progestogen for contraception 253
IUD: Past – present – future 205
Long-acting progestins – an update 241
Long-term experience with Multiload intrauterine devices 179
Male contraception 263
The new progestogens 237
No-scalpel vasectomy: the transfer of a refined surgical technique from China to other countries 217
Norplant® contraceptive subdermal implants: two-year experience in Singapore 13
Norplant®-2 rods contraceptive subdermal implants: two-year experience in Singapore 91
Oral contraception: risks and benefits 219
Pituitary–ovarian activity when switching from various monophasic pills to a triphasic pill 1
Postpartum IUD contraception – a review of an international experience 127
Potential acceptors of Norplant® implants in comparison with recently sterilized women in Sri Lanka 147
Preliminary evaluation of REALITY, a condom for women to wear 229
Premenstrual syndrome in a group of hysterectomised women of reproductive age with intact ovaries 163
A randomized comparative study of 3 IUDs: Nova-T, MLCu375 and MLAgCu250 in New Zealand: 1 year results 23
Reversal of sterilization 213
Role of plasminogen activators and leukocytes in IUD-induced inflammation: effect of some anti-inflammatory agents 173
A study comparing a gestoden triphasic formulation with a fixed combination OC 71
Uterine bleeding with an IUD requiring emergency hysterectomy 51
Uterine perforation and use of the Multiload IUD 121
